# The Digital Workplace designed for Digital Sovereignty

**ZEXTRAS**  
Private E-mail & Collaboration

## Digital Sovereignty is much more than Data Sovereignty.

Government agencies and regulated industries require their infrastructure to be private. Offer Zextras Carbonio, the private alternative to Microsoft365 and Google Workspace.

True Data Control	Offer your customers full compliance with data protection laws.
Private Infrastructure	Be in control of the infrastructure, processes, and technologies.
Everything in One Place	From e-mail to video meetings, from file management to co-editing.
Extreme Flexibility	Vertical and horizontal scalability & reshaping, without downtime.
Native Mobile Apps	Collaboration features are available through dedicated mobile apps.
Perfect Integration	Designed to fit in your tech stack.
